

New & Improved

Rewards Site Coming Soon

Get Ready for a Better CUREwards Website Experience and New Travel Feature

We're bringing you a new CUREwards website, where you'll enjoy an optimized user experience on any device — desktop, tablet or mobile. The updated site includes:

- New look
- Simplified experience
- Improved navigation
- Better viewing from your mobile or tablet devices

What's more, we've also added an exciting new travel rewards feature! Now, you will have the flexibility to define the number of points you would like to use toward air travel redemption and pay the difference with your Blackhawk Community Credit Union Rewards credit or debit card.

IMPORTANT!

Starting Thursday, April 27, 2017, at 11 p.m. ET, the current CUREwards website and app will not be accessible while we make this transition. We will provide notice once the new site is available.

If you have any questions about your points balance or your rewards card during the transition time, contact Member Services at 800-637-7728.

Smart Advice. Friendly Service.
